Pastor Benny Hinn saved both building insights about prayer as he shared with Jan for an advanced time of teaching on Behind the Scenes program.

Pastor Phil Murray hosted a teaching Praker program with guest Lindy Breckenridge. Lindy, daughter of Phil and Shirley Breckenridge, wrote the spiritual biography of her son, Ryan Coates, is making. Ryan sustained a severe brain injury back in 2001 as a result of falling 40 feet through a rooftop skylight.

It was a joy to have John Tesh as our music guest on Praise the Lord TVN the Evening revivification and three gold albums to her credit. John’s beautiful, anointed music touched hearts and brings us into a sweet dimension of praise and worship.

Ron Gibson, founder and senior pastor of Life Church of God in Christ Church in Riverside, CA, was Dwight Thompson’s guest on Praise. Pastor Gibson is the host of “Living in Fulness Everythat, which is aired on The Church Channel (for more information about The Church Channel, please visit www.churchchannel.org).

Multiple award winning recording artist and music legend Smokey Robinson, along with Christian Tablcoats and founder of Good Times Publishing, shared an anointed testimony on Praise the Lord with host Clifford Davis.

The compassion for children that Franklin Graham, president of Samaritan’s Purse, and Jam share is continues. On the north Behind the Scenes program, they discussed Franklin’s “Operation Christmas Child.”

It was a joy to have Wink Martindale as our guest on the program, Sandy's guest. Wink is known as America’s most familiar faces. It was a delight to have Wink and Jam on the program.

H ere we replaced last October as our new closed circuit TBN studio (OP TH) over the great cities of Burlington, New Jersey and Philadelphia. Praise the Lord Church Channel 48 covers the fourth largest TV market in the nation with nearly six million souls under its coverage pattern! I’m sure you must already know about this new station, we have rejoiced about its several times on Behind the Scenes. But there is more to this great story. The station’s studio was not included in the sale, which turned out to be a blessing. First of all, the building was poorly finished and was located off the bank of the Delaware River. We learned that it had been flooded several times — the most recent flood left six feet of water along with catfish, in the main downstairs floor! The poor equipment location had to move most of the equipment to the second floor just to stay on the air! WOW! Talk about living on NO WATER! So, last December, I and a few of our staff flew back to Philadelphia to look for a new TV station where we will have local Pastor the Lord. I am sure in no great metropolitan area we will find some exciting new talent and programs that will mean not all of the TBN network. In fact, Bishop David Evans of Bethany Baptist Church is already on at 6:00 AM on Sunday morning in Philadelphia, as well as the entire world TBN network. Well, we looked and looked at many buildings — mostly small, old, empty factory buildings — most depressing! But finally we found! The building is downtown on Columbus Avenue and is only a few minutes from the international airport and is just the right size for a TV studio with a very nice looking front and architecture.

But this is not all —

So, dear Partners — rejoice, rejoice! This great area already on at 6:00 AM on Sunday mornings in Philadelphia, New Jersey and Burlington, to add a little extra this month as the work of renovation and converting a woodworking shop to your new studio home in Philadelphia begins. Actually, if everyone would add on the little dollars in your regular pledge, or at least make it a one time gift, we would have the building free and clear, plus lights, cameras, and all the necessary equipment to put this fourth great market on the map!

Thus, Beirut — syrian — europe! This great area was one of the last few major cities where TBN did not have a mighty full power TV station. Praise God — with TV on the air, we now cover about 95 percent of the households of America!

But this is not all —

If you buy a wide screen you be sure it has the HDTV TUNER built in! I saw one at Target recently for $599.00, which is still a bit high, but prices will come down. In the meantime you

can get an HD TV tuner and connect it to your present analog TV for just $299.00. Check with Radio Shack or any other electronics store for more information.

So what does all this new technology mean?

It is the newest era of TBN and the many miracles God brought to pass in this great TV that covers the world. Thank you all for your part but if you can’t, I’ll send it to you free and post paid!

I’ll even try to autograph your copy.

Please remember this—only fruit bearers can claim this.

John 15:7

“If ye abide in Me and My words abide in You, ye shall ask what ye will, and it shall be done unto you.” John 15:7

Oh how I love the Lord and the white slips from our sweet TBN satellites.

My heart rejoices every time a new station comes on the air. Almost immediately I see the beautiful white slips drop from my sweet telephone prayer partners — meaning a new soul has prayed the sinner’s prayer and, as the grand old hymndeclares, “There’s a new name written down in Glory!”

Yes, when they are coming in from Burlington and Philadelphia, plus many other towns and cities in the suburbs. Praise the Lord!

For the past 31 years, Jan and I have seen TBN grow from our little low power station in the Boston area, to over 6,500 worldwide, linked together by 46 great satelites. The Gospel, through TBN, covers every continent on earth and about two-thirds of this world’s SIX BILLION souls can tune in. So that new soul you said — well as dear, old E.V. Hill would say, “Your word is good.”

Dear Partner, become a FRUIT BEARER TODAY by helping us win precious souls for the Kingdom. Over 27 million souls, that we know of, have come to Christ through YOUR TBN these past 31 years!

God bless you, Jan and I, with all of the prayer partners at TBN, will be lifting you in prayer and praying with you for that need or miracle you are asking for.

New soul is with me everyone—

But this is not all—we now own a new second full power transmitter for HDTV or high definition TV as ordered by the FCC: Another half million dollars; but the good news: with HDTV we can, through new compression technology, transmit all four of our networks through the air, as well as to the cable nation too— TBN; The Church Channel; JC-TV, our youth channel; and Enlace USA, our Spanish language network! Much good news; the cost of HDTV sets are coming down and some are including the HDTV tuner as well as the current picture tube. Be careful though: If you buy a wide screen TV set now it has the HDTV TUNER built in at $799.00, which is still a high price, but prices will come down. In the meantime you...
