**The Urim And Thummim Necklace**

This month's love gift was personally selected by Paul several months ago.

"Our love letters are written to you with the words of the scriptures, so you can be encouraged as well..."

"I was touched by TBN as a young child in the 70s. TBN offered me ministry outreach of church and allowed me to grow spiritually in amazing ways. Christian..."

The love letter is sent to you with all of our love!

Forty Years of God's Faithfulness

We will cross our stormy Jordan, and we will possess our Jerichos though they are dead, they still speak (Hebrews 11:4). Wonder of wonders, through it many of those great souls now could have dreamed of an iTBN with video-on-demand? cable systems, and home satellite receivers, as well as reaching networks on over 85 satellite channels feeding TV stations, the gospel around the world in many languages, through 26

Crouch and other Crouch family members.

In one final sense I, too, stand at “Jordan’s stormy banks.” Will I be blessed even more than Moses who was only permitted to see the Promised Land but not enter it? But will I be blessed in seeing the Promised Land from on high? 

In 1970, Paul Franklin Crouch, founder and President of Trinity Broadcasting Network (TBN), entered into the presence of Jesus Christ to every corner of the earth, Paul spent his life and energy using television for that very purpose, building TBN into America's favorite religious broadcaster.

From the California Graduate School of Theology and the Assemblies of God General Council, Paul came to California, where Paul was called by the General Council of the Assemblies of God to organize and operate its new Department of broadcast television. In 1965, Paul moved on to become the general manager of radio station KREL-AM (Reno, Nevada) prior to his association with the Assemblies of God. His involvement in the church's work included the writing of letters to pastors, including thetelegram from the FCC:

In 1965, Paul became the general manager of radio station KREL in Coruna, California.

The Crouch family, in fact, returned to Springfield, Missouri, to be with the children of the late Rev. Earl Crouch, founder of the Living Stream Ministries and the Living Stream Worldwide radio ministry.

“for I am not ashamed of this Good News about Christ. It is God’s powerful method of bringing all who believe it to heaven. . . .” Romans 1:16

TBN's 400th Anniversary Prayer program — the Crouch family with Arthur Blessitt, Dwight and Doreline Thompson. Paul and Jan receiving the Holy Spirit in 1970 to manage Christian stations KHOF-FM and KPHQ-FM, owned by Faith Center Church in Centralia, California.

In 1973 Paul Franklin Crouch and his son, Paul Franklin Crouch, Jr., launched the Trinity Broadcasting Network (TBN), entered into the presence of Jesus Christ to every corner of the earth, Paul spent his life and energy using television for that very purpose, building TBN into America's favorite religious broadcaster. Today TBN and its 26 global networks reach every inhabited continent on 85-plus satellite channels, cabling cable, satellite, and over-the-air TV.

As the President of TBN, Paul had the opportunity to engage millions of viewers to expand their reach and influence through television. With that leadership, he also took an active role in helping to lead tens of millions of individuals to faith in Christ — an eternal harvest that he considered his most important legacy.

For his leadership in Christian broadcasting Paul was presented with three honorary doctoral degrees: the Doctor of Literature (D.Litt.) in 1981 from the California Graduate School of Theology; the Doctor of Divinity (D.D.) in 1988 from California’s American Christian Theological Seminary; and a Doctor of Humanities from Oral Roberts University, Tulsa, Oklahoma.

Paul Franklin Crouch, founder and President of Trinity Broadcasting Network (TBN), entered into the presence of Jesus Christ to every corner of the earth on November 30, 2013, at the age of 79.

For his leadership in Christian broadcasting Paul was awarded the highest military honor to be given to a civilian by a president of the United States: the Presidential Citizens Medal.

With a vision to take the gospel of Jesus Christ to every corner of the earth, Paul spent his life and energy using television for that very purpose, building TBN into America's favorite religious broadcaster. Today TBN and its 26 global networks reach every inhabited continent on 85-plus satellite channels, cabling cable, satellite, and over-the-air TV.
