THE HOLY LAND EXPERIENCE

HOLY LAND DEVOTION

"Hearken unto Me now therefore, O ye children, attend to the words of My mouth." - Proverbs 7:24

The United States Government doesn't teach Treasury agents to detect counterfeit bills by having them study fakes. They show these agents real dollars over and over and over until they have the pattern memorized. Then when a counterfeit is put in front of them, they recognize it instantly because it doesn't fit the pattern their eyes are looking for.

Do you know the voice of the Lord? The only way you can be sure that it is His voice you are hearing is to hear it so often that a stranger's voice is instantly recognizable. It is far wiser to spend time learning the One true Voice than it is trying to learn to detect a multitude of false voices.

HEALING TESTIMONIES

Every day guests proclaim healing and other miracles while visiting HLE. Here are a few of their testimonies:

- A woman who had worn hearing aids her entire life received healing and stated that during the service, she took out her hearing aids and now she could hear without them! She no longer needed them. The next day, she visited HLE again and was sharing with some of the staff the miracle she received from Jesus!
- Terry received healing in his shoulder for his rotator cuff. He mentioned how he had great pain and went to the doctor the day before. He could not lift it all the way up without pain. After prayer, he said he felt a pop, and was able to lift his arm up all the way without pain!
- Holly had an eye disease which made them crossed. After prayer, her eyes straightened out and she stated her vision became clearer!
- Linda received healing for her sciatica, and was screaming in shock when the pain left her body. She was using her crutches on the way in, and was carrying them off on the way out! She had tears in her eyes and kept saying, "What did you do? What just happened?"

Hallelujah!
