

JUCE TV Monthly Report

In January of 2017, JUCE TV launched on 3 Rivers Cable in Montana as a 24/7 cable channel! Thanks to Roger Lonnquist, president of Family & Faith Television Network, which owns and operates terrestrial channels affiliated with JUCE TV in Montana, Wyoming, and Maine. Roger was able to have 3 Rivers Cable pickup their 24/7 JUCE TV affiliated station out of Great Falls, Montana on 3 Rivers Cable Channel 23.

3 Rivers covers about 15% of the state of Montana. Additionally, Roger has recently been able to get TBN, Hillsong Channel, and JUCE TV on closed-circuit cable serving public housing in Helena, Montana. All told, JUCE TV is reaching over a third of all Montana households with 24/7 coverage via cable and over-the-air broadcast in addition to the part time coverage provided by Dish Network and DIRECTV.

This past month, JUCE TV also partnered with Vanguard University, a local liberal arts college in Southern California, participating in some of its end-of-year reviews of student projects and promoting good relations between the university who provides many interns for JUCE TV and the network.

Next month another Christian university in Southern California, Biola University, has scheduled one of its broadcast classes to come sit in on a JUCE TV taping.

JUCE TV also taped its final episodes of *Top 3* as we prepare to re-launch the show in March as *The Crew*, with a new open, graphics package, and a few new segments.

Our Top 3 hosts during a Valentine's Day segment.

Rebecca Friedlander

Additionally, JUCE TV taped new episodes of *The Chuckie Perez Show*, and we are pleased to see that it has gained a lot of traction with our audience. The *Chuckie Perez Show* has been featured in *CCM* online magazine three months in a row now because of the different music guests on the show.

R&B singer Frankie J performs.

January was the debut of the Nashville-produced series *NEXT* on JUCE TV, featuring host Danny Gokey of *American Idol*. The new series features some of the best up-and-coming bands on the Christian music scene.

JUCE TV also taped weekly episodes of *Hot off the Press*, hosted by 2009 Miss USA Kristen Dalton Wolfe, plus its regular instalments of *XVZ*, *TX10*, and *Rewind*.

Tod "Funk" from Diverse City tapes a Real Video segment at NAMM

Sheri Rose Shepherd on Hot Off the Press

Last week a team from JUCE TV attended the National Association of Music Merchants, an event well known in the music industry that many top recording artists attend each year in addition to the 100,000 music professionals. At this year's event, JUCE TV taped a couple episodes of *Real Videos* with members of TobyMac's Diverse City Band.
