Guest Dr. Shirley Clark of Shirley Clark International Ministries has a powerful testimony of her life shifting from gross poverty to abundance. A decision to get out of debt and be wealthy led her into a new way of spiritual warfare in her personal walk. Her ministry empowers others to become students of the Word of God and prayer warriors. In the quiet, she says, while soaking in God's presence, there can be a mindset shift as one encounters a wealth of healing and wisdom soaking in the Word. Her book "Praying to Riches" encourages people to reach new levels of freedom in finances, prayer and their personal relationship with God, especially by soaking in quiet moments.
