*Creation in the 21<sup>st</sup> Century* with host David Rives welcomed Dr. Caroline Leaf who tells us that one thought in our brain is like a veritable universe. Our mind is way bigger than the physical

universe because it's made in the image of God. God made us beyond space and time. We need to use our intelligence and our thoughts to give glory to the One who gave them to us. Nathan Hutcherson with Creeping Things Ministries tells us we need to leave creation as God designed it to be. The more we meddle with creation

the more we can mess things up. Dr. Paul Nelson, Adjunct Professor at Biola University, reminds us that God built a world that testifies to His handiwork, and he didn't hide his signature. It's in everything we see, from the simplest bacteria to huge creatures like the whale.

*Prophetic Whisper* with Aquilla Nash was taped and edited for Church Channel at Shiloh Ranch studios.
