OUTREACH OF THE MONTH: Chris Cleveland, Director of New Path Ministries

Reaching Out to our Community

KNAT-TV23 reached out to New Path Ministries this month and helped to replenish their laundry soap for the men's rehabilitation home. New Path Ministries is a nonprofit Christian ministry that is dedicated to helping rehabilitate men who are addicted to drugs and alcohol. Through daily spiritual encouragement and Bible studies, they are able to instill within the individual a sense of personal conviction, dignity, and responsibility not only toward himself, but toward society as a whole. We are grateful to our TBN viewers that make community outreach opportunities like this one possible.
