## May the Light of the World – JESUS – Be the Greatest Joy in Your Town this Holiday Season

The sun sets in Seattle as early as 4:15 pm during December. It's a vibrant city, still very much a pioneering city. Yet with the rain coming down day after day, the dreary overcast skies, and the early winter darkness, there is the temptation to let the dreariness affect you.

Then the sun breaks through and the joy of the Lord shines across the mountains and the waters. KTBW-TV and the many on-fire churches bring renewed hope. Jesus is here! In Him is life and the assurance that He is with us!

On the dark side, Seattle is the hub of sex trafficking in the Pacific Northwest. On any given night, 300-500 teenagers, mostly girls, are recruited to be sex slaves. They are transported up and down the I-5 corridor from Canada to Mexico, not knowing where they are. All they know is that if they don't bring in at least \$1,000 a night, they won't be given their pathetic dinner of chicken nuggets.

This is Diane's daughter, Danica Childs, ten years ago. What does she look like today? Where is she?

Dianne co-founded the Federal Way Coalition

Against Trafficking to bring public awareness to the devastating problem of sex trafficking. Since 2012 she has spoken to over 10,000 kids in school districts and elsewhere. Our prayer is that the many young people will be saved from sex trafficking because of this and other efforts to put a stop to this great evil.

Miss Washington USA for 2014, Allyson Rowe, spoke to girls on KTBW's *Joy in Our Town*: "The world places a ridiculous

image of what you're supposed to look like. This is not real. You'll never become like that image because you're always lacking something. You have to ask yourself – What does God think about you? As

a daughter of God, you are to walk in your calling, walk in your identity, and honor God in everything you do. He made every woman to be beautiful in their own way. What defines you is what God placed within you – your goals, your ambitions, your heart cry, the things He has destined you for. "

Ten years ago, Dianne Zoro's beautiful 17 year old daughter didn't come home. She had been recruited by sex traffickers. Dianne hasn't heard from her in all that time. But she hasn't given Up hope.

"I am a Christian," Dianne told our *Joy in Our Town* viewers. "My faith keeps me going. I know God has a bigger plan. I don't know what it is, but I've learned that I can still have joy in the midst of the sadness and pain. He is with me."
