Testimonies

A woman in California recently lost her husband and was going through much pain and depression, but wants to thank God for the TBN prayer line because they prayed with her. She is now free from depression and full of joy by the power of the LORD Jesus Christ. He

even made a way for her to return to school after years of being a stay at home mom. Hallelujah!

A woman in Texas called in to give TBN a praise report. About three years ago she was in the hospital due to troubled breathing and immediately fell into a coma and was on life support for 16 days. A family member called TBN to pray for her healing and survival, and even though liver disease and toxins were heavily found in her body and funeral arrangements were being made, she awoke out of the coma after they took her off life support! She is grateful and thanks God for the miracle healing.

A woman in California called the TBN prayer line for her brother who stopped breathing on his own and doctors said was not going to make it. However, she did not give up and cried out to the LORD to heal him and He did! Her brother is now home being restored daily and breathing on his own. Praise the LORD!

A sister in Georgia called for her sister who was in the ICU due to a collapsed lung. After prayer a miracle healing took place and her sister is now completely healed and recuperating by the power of Jesus Christ!

A woman California called for prayer for her sister-in-law who was diagnosed with cancer this February and due to have a double mastectomy. However, prayer with TBN prayer partners brought breakthrough and when her sister-in-law went to the doctors for a re-examination — no cancer was found! Hallelujah!

A woman in Alabama is praising God because she prayed with a prayer partner recently for the infilling of the Holy Spirit. While reading the scriptures where Jesus Christ speaks of the living water, not only was she healed emotionally, but was immediately filled by the Holy Spirit.

A woman in Texas called for her brother who was in the hospital due to congestive heart failure. God answered her prayer with TBN and he is now completely healed with no stents and no clogging! Praise be to Jesus!
