### ***Around the Trinity Family of Networks*** International Networks and TBN Departments Report for December 2015

#### **JUCETV**

It was another full month for JUCETV as we continue to grow and develop our programming. One of the highlights of the month was working with a few ministries that serve our U.S. military veterans. Warriors' Faith Ministries and Extreme Life Ministries hosted a special Veterans Day Freedom Jam for our military personnel serving at Camp Pendleton and March Air Reserve Base, many of whom have served in the Afghanistan and Iraq. These men and women were treated to some great food from Chick-fil-A and an impressive freestyle motocross show. JUCETV taped a special on location from the event that included amazing freestyle motocross footage and testimonies from some of the riders including, Ronnie Faisst (pictured, right), who told of being saved as a result of watching Joel Osteen on TV.

With the assistance of the TBN staff in Nashville (TMC) this past month, Clayton finished a 12-episode series called *Stronger*, which we believe will really encourage young people to pursue God with passion.

We taped our monthly set of several exclusive JUCETV shows, including *Top 3*, which featured interviews with professional snowboarder Anthony Racinelli, Long Beach City Church pastor Tommy Hunter, and evangelist Ray Comfort, host of *Way of the Master*. We also taped monthly installments of *XVZ*, *TX10*, and *Rewind*, as well as *Hot Off the Press* with host Cathy Kelley, whose guests included Generosity founder Jordan Wagner, celebrity makeup artist Jessica Hoffman, and founder of Forget Me Knots Tayllor Lemphers.

### TBN España Viewer Testimonies

This month we have had many testimonies of thankfulness from viewers for answered prayer and for the blessing of TBN España. Here are just a few:

- *“I thank God because I was in the hospital, very sick. I called TBN and I asked for prayer for a miracle in my body. God is good and He heard the prayers, as I recovered quickly. Glory to God! Thanks TBN for your prayers.”*
- *“For a long time it was common for me to receive calls from the bank, telling me that my bank account was in the red. But since I started to financially support TBN, those calls stopped coming and my bank account has not returned to be in the red. Glory be to God!”*
- *“I thank God because TBN programming is a great blessing to my life. God bless you!”*
- *“God has given me peace, knowing the truth of His Word that I've heard through TBN. I thank God for TBN; it is very helpful to my life.”*
- *“I called TBN asking for prayer, because my daughter could not get pregnant. I called again today to give thanks for the prayers, because God has made the miracle and my daughter is pregnant.”*
- *“I thank God for TBN because it is the way He has used so that I could meet Jesus. I thank God for his fire poured into my life. Glory to Jesus!”*

## TBN Nejat

This month we have produced nearly 140 programs in the Farsi language for broadcast on TBN Nejat TV. The programs include:

- 40 half-hour English Programs translated into Farsi.
- 90 half-hour original programs broadcast in Farsi.
- 8 one-hour Farsi-language programs.

This month we have received calls from Iran, Belgium, and France. A recent visitor to our local Nejat church was invited to attend our yearly church conference. At the conference he accepted the Lord. He then shared the Lord with his sister. His sister called a Nejat counselor and she accepted the Lord. This sister then called another brother in Iran, told him about the Lord, and that brother accepted the Lord as well. Now all the siblings are daily calling the rest of their large family and we are daily getting calls from these family members wanting to pray the prayer of salvation. Praise the Lord!

An Iranian lady living in Canada called and asked for prayer for her son, who is in prison in Germany. An Iranian Nejat supporter living in Germany is now going to visit the young man in prison and sharing the Lord with him.

We received a call from a woman in the south of Iran. She had severe pain in her knee and could never bend her knee. One day as she was watching TBN Nejat TV with her family, she said, “I wish Pastor Reza would call my name.” Suddenly Pastor Reza called out her name. She jumped up out of excitement, and when she sat down her knee bent with no pain. Everyone around her declared. She was healed, Glory to God!

## JCTV Pakistan

This month we recorded several *Praise the Lord* programs in the Urdu language which aired on JCTV Pakistan. Our guests included pastors and other Christian workers who are reaching out to people of other religions in Pakistan, telling them about the love of God and salvation available through His Son Jesus. We also featured singers and musicians worshipping the Lord and giving Him glory.

Popular JCTV children's program "Sitaro Ki Duniya."

We recorded two episodes of a program entitled *Raah-e-Amal*, which teaches the basic tenets of the Christian faith so that individuals who have come to Christ may know how to follow Him according to the Word of God.

We also produced several episodes of our popular children's program *Sitaro Ki Duniya*.

For one of our programs, *Khawab-bay-Naqab*, we were thrilled to interview a Pakistani icon, champion powerlifter Twinkle Sohail, who spoke about her Christian faith.

## TBN Tonga

We are excited about all the good things God is doing through TBN Tonga. The fame of this outreach has made it all the way to Tonga's new king (pictured, right), who is excited to meet Matthew and Laurie Crouch when they next visit the nation.

TBN Tonga's discipleship program includes both training for job skills as well as biblical discipleship that gives participants spiritual training to live out their faith in the marketplace.

TBN Tonga has workers' discipleship and training program that trains 400 to 500 people throughout the year. This is a training program for those who can't find a job to provide for their families here in Tonga. Our Christian friend Martin Tyndall finds jobs for them in Australia. These people come from all the three group islands in Tonga and from different church backgrounds. We disciple and train them spiritually and physically to go and work in Australia for six to seven months. This training is held at the television station and it has been an honor to be a blessing to our community and disciple a nation. There are changed lives and changed families because of this program.

This is our fourth year of being a part of this program. These people are from families here in Tonga who are looking for a living, but they must encounter God first before earning their living. Many of them have been able to build a house, own their own vehicles, get married, pay their children's school fees. Many of them are returnees who have been in the program for several years and are still going. I thank God for our Christian friend who tirelessly looks for opportunities back in Australia to allow our people to come to work and earn their living. He has made a great sacrifice to make this program happen. Please pray for this man and his family that God will protect them and continue to use him for years to come.

TBN Tonga director Barry Taukolo (pictured with Matthew Crouch) explained the beginnings of a new live program, *Kingdom Lifeline*, during which the Gospel message is presented and people have the opportunity to call in for salvation or for prayer. "This program

started when we had a meeting with pastors of different churches, and I shared with how I opened up my phone for people to call and request for prayer,” he said. “I was amazed at how many people needed prayer.”

He said that this outreach started at the same time “the enemy attacked my wife with a lump on her breast. We were praying and seeking God for healing, and the enemy was trying to get us to just give up. But our faith built up inside of us, and we said to the enemy: ‘Fear doesn’t live here anymore. Hopelessness doesn’t live here anymore.’”

He added that “after that we could relate to people who are struggling with sickness and other problems, and what the devil meant for evil, God turned it for good. We started this program on the 4th of November — Independence Day for Tonga! We declared freedom from sickness on that program, and as people sent in their prayer requests it was just like the day of Pentecost in the Book of Acts! We are harvesting the people to the Kingdom of God here in Tonga and we believe for miracles, healing, restoration, and deliverance for this nation in the mighty Name of Jesus Christ!

## **TBN Prayer Department**

TBN's prayer department, which dates from the very beginnings of TBN in 1973, continues to impact lives on a daily basis. TBN's prayer partners are available to take calls and contacts from viewers 24 hours a day, and not an hour goes by that individuals from across the earth aren't reaching out to this dedicated staff of godly intercessors with prayer requests for salvation, healing, financial needs, and much more.

Throughout November TBN's prayer partners at our California headquarters took over 84,000 calls for prayer, including several hundred from individuals wishing to give their hearts and lives to Christ. There were also several hundred calls from people wanting to express their praise and thanksgiving to God for answered prayer, and to thank TBN for standing with them in prayer.

Here are comments from just a few of those callers:

– “Thank you TBN for the *Praise the Lord* program! Last night a pastor on this program touched my heart ... I felt the presence of God through the prophetic words he shared about this being the season of many blessings. I just recently received Jesus as my Lord and Savior and this brings much encouragement to me. Keep sharing all this good programming with us. It is truly a blessing to hear the Word of God being prayed over us!”

– “I am thanking God that he has allowed me to be a TBN partner for the past 20 years! I’m 75 years old and I enjoy sowing into this ministry so it will reach all the nations of the world!”

– “I got saved and introduced to Jesus Christ by watching TBN. This network is such a blessing to me!”

– “I called TBN to let you know that I love the prayer partners and Jan Crouch, and I don’t know what I would do without TBN! The Lord has truly blessed me through your ministry.”

– “I just called TBN to let you all know that I feel showers of love when I call.”
