Extracts from phone calls and letters into TBN UK

Cherida telephoned:

She was paying monthly to a gym and God spoke to her to ask her why she doesn't give to TBN instead. She had wanted to give to TBN a long time ago but never got round to it. She has decided to join a free gym, so she is thanking the Lord that she can now do both.

Lady telephoned:

She wants to express her thanks for our broadcasts. She and her 91-year-old father find them a blessing and are very grateful for them. TBN is a lifeline and it brings good things which are a blessing!!

Jan telephoned:

She loved *Partner Time* Dec. 7th. The music was old fashioned but clean and reminded her of her childhood days where everything was innocent. The programme lifts the spirit and hits very perfectly. Whoever chose the features did it well!! The music was positive and wholesome and the children could watch. None knows the hour.

Mrs Channer telephoned:

TBN is so beautiful, so lovely. Just lost her husband and so having TBN to lean on is great. She has been told that she has cancer and she is believing for healing. God bless you all!!

Mary H. telephoned:

She is so thankful to God for her healing. She recalls her phone call to TBN in November after receiving a terrible news from the doctors that a tumour was discovered in her kidneys. We prayed with her and trusted God for her healing. Recently, she went back to the doctors and was told that all was clear. No tumour found. Praise the Lord in the highest! She is also thankful to God for TBN, Joel Osteen and Joyce Meyer.

Renaida telephoned:

She is so thankful to God that He came through to her daughter who was in hospital suffering with diabetes. She had been experiencing huge health problems. After she contacted TBN, God miraculously brought respite to her without even using any medication, and was able to receive miraculous relief. Praise God!

O.A.A. wrote from Prison:

"I wish to first of all give glory to God for TBN UK. I thank Him for giving you guys the vision and support for this project/program. I also want to commend you for a job well done. I am looking forward to partnering with you.

I have found myself in prison under the most unusual circumstances. I started asking God why this is Happening to me. I started seeking God in my own way with limited understanding in Germany.

After my first month in prison I discovered TBN UK and it has changed my life. I have met good men of God I would otherwise might have ignored when I was out there as a free person.

The Lord works in mysterious ways and I have come to the conclusion that my current predicament is being used by God to separate me and to get my attention, to reveal certain things to me, and to prepare me for an assignment in the very near future.

Through TBN I have developed more understanding of the Word and appreciate forgiving people. All to the grace of our Lord Jesus. I hope to be free before or on March 29th 2016. In the mean time I am spending my time like I am in a school of discipleship. I guess my story can be compared to that of Jonah!

Thank you guys for the wonderful work and may the Lord continue to bless and strength your hands.
