

## WBUY Memphis Report for July 2016

### ***Praise the Lord***

WBUY welcomed a new *Praise the Lord* guest host this month, Pastor Terrell Monger, Senior Pastor of One Accord. The program Pastor Terrell hosted focused on men overcoming obstacles, becoming Godly men, and using their testimony to bring other men to Christ.

### TBN My Story Project

WBUY completed productions on our first “TBN My Story” project with Pastor Danny Cosby. We thank Pastor Cosby for allowing us to share his outstanding testimony with the TBN viewers.

### ***Joy in Our Town***

This month WBUY's *Joy in Our Town* guests included Dr. Alisa Haushalter from the Shelby County Health Department. Dr. Alisa Haushalter discussed immunizations and the Look Before You Lock campaign. This campaign is an effort to bring awareness to child heat strokes caused by leaving them in a hot vehicle. We also touched on topics such as: emergency preparedness, homelessness, sickle cell disease, and deterring youth from crime.

### **Community Outreach**

For the past four years WBUY has participated in the Brown Baptist Youth Initiative summer work program, inviting young people to work with us at the WBUY offices. This summer our student worker was Kailynn Johnson. Kailynn assisted us with various projects around the office and attended a community outreach event with our station manager. She had the opportunity to meet Memphis City Councilwoman Patrice Robinson and Mr. Ken Moody, Special Assistant to Memphis Mayor Jim Strickland
