MY STORY

Eddie Cuff was a drug addicted, homeless felon. Bad choices overtime landed him in a nursing home hospice. Organs failing, he flipped the TV channel onto TBN, prayed, and received healing. 10 years later he's ministering to the same homeless community in South Florida under the same bridge he used to sleep under. God is mighty to save!

New host Iviana Figueroa spoke with local pastors & a Florida state civic leader (District 94) who believe incorporating Kingdom principals is a necessity in everything they do! We welcomed on set, Praise Tabernacle Int'l., Grand Health Institute, Provider & Shield Foundation, Broward Children's Center, Putting Things Right USA, Inc., RJT Foundation, 15th Avenue Church of God, New Season Christian Church, Power Evangelism Ministries, Destined Global, Inc., Kandra Albury Soars, & Straightway International Ministries.
