Community Outreach

WWRS was honored to once again be invited to the Annual Governor's Prayer Breakfast in downtown Milwaukee. The featured speaker this year was Charlie Linville. He's a wounded amputee veteran who scaled Mt. Everest. Very inspirational!

Wisconsin Governor Scott Walker had many special remarks about Mr. Linville's speech. He then spoke about the importance of caring for our vets both physically and mentally. He also gave thanks to all those in attendance.

WWRS also attended the National Day of Prayer on the City Hall steps in Racine, WI. WWRS partner and CD Recording Artist/Worship Leader Minister Cheryl McCrary performed the National Anthem and music.

WWRS, along with our partner, The Waukesha County Food Pantry, participated in the National Letter Carrier's Food Drive. This event produces food for almost 24,000 needy people in our community. The U.S. Postal Service distributed plastic bags to homes promoting the event. The following week, letter carriers and volunteers picked up those bags which were filled with non-perishable food items. All those bags eventually made it to the Food Pantry for distribution to those who really need it to feed themselves and their families. WWRS was honored to be part of the effort.
