

Community Outreach

Station Mgr. Tim D'Agostino & Public Affairs Mgr. Jackie Kahlhamer attended a meeting at the National Christian Foundation of Wisconsin. The focus was to connect with other ministries and leaders to have a greater neighborhood impact in Milwaukee. We continue to establish new partnerships to create a Christian voice for city transformation.

WWRS was invited to the event "Night to Shine" sponsored by The Tim Tebow Foundation and presented by WWRS partner, Bethesda Lutheran Communities. I produced a PSA with help from JIOT host Beverley Besha Moore. It was a prom night experience for people with intellectual and developmental disabilities. They danced all night and all were crowned King & Queen. We were honored to be a part of this special evening celebrating life with God's very special people.
