## **Praise the Lord: Salsa Style**

It is such an honor when we have pastors come in to tape "Praise the Lord: Salsa Style". On December 4th, Pastor Nisaac Rosario, of Maranatha USA Church hosted: Pastor Chris Carmona of People Church, Chicago and Pastor Juan Carlos Viruet of Explosive Life Maranatha Church, Milwaukee. We were also blessed to have Pastor Victor Torres on the program to talk about the upcoming movie that is based on his life. His daughter Rosalinda Torres-Rivera joined us to talk about her roll as Associate Produce of *Victor*. Pastor Rosalinda also shared about her work as Executive Director of New Life for Youth Ministry in Richmond Virginia. A time of worship was lead by Maranatha Praise.

## **Letters to Marines**

Here at WWTO we just love to be able to bless others. During the month of December, we took a few moments to partner with a local Cub Scout pack to write letters to Marines, that are in a hospital in San Diego. Every staff member wrote two letters to Marines thanking them for their willingness to protect our freedom and to wish them a Merry Christmas.

## Joy in Our Town

In the month of December it's easy to get caught up in the hustle and bustle of the holiday season. *Joy in Our Town* hosted Roy Peters of the Community Food Basket in Ottawa Illinois. Roy reminded our viewers that not everyone is fortunate enough to have food on the table. He said that the Community Food Basket is there to help everyone that is struggling to feed themselves and their families.

On Friday December 11th, the staff at WWTO had the privilege of helping out at a local food drive. We were so blessed to be a small part of this amazing event. Around 40,000 pounds of food was collected at the event and nearly \$50,000 in donations. These donations will help to keep the Community Food Basket stocked for the next few months.

WWTO, Station Manager Emily Young helps to unload pallets and stock shelves at the Community Food Basket in Ottawa, Illinois.
